About Nutridar

Nutridar company was founded in 1994 and is based in Amman/Jordan.

Nutridar offers a range of infant and baby milk formulae, infant cereals, infant soothing teas, kids' multivitamin gummies and food supplements, quick cooking white oat, skimmed milk powder, pudding and flavored milk powders.

Nutridar's brand identity, quality products and services, as well as its culture of innovation have all helped to a better positioning at the forefront of the infant food market.

Nutridar provides the highest quality products that conform to the highest standards and ensures optimal compliance to the strict requirements of GMP, HACCP and state-of-the art management, planning and control systems.

Nutridar products exist under various brands:
"Sahha", "Bebelait", "Prima" and "Formelac".
