Hair Oil

Key Ingredients

Jojoba Oil: Many Beauty Benefits

Jojoba oil has many advantages. It is rich in various minerals and vitamins such as vitamin E, vitamin B group, zinc, selenium, and many others that maintain the oil production balance without closing the scalp pores. It is a good hair conditioner, useful for dry scalp and treats oily scalp and maintain the color and pigment of the hair.

Shea Butter: Nourishing Properties for Hair

Shea butter is a by-product in West African from Vitrilaria tree, known as the "Tree of Life" as of the many healing properties for treating hair problems such as scalp moisturizing & softness increasing, shine & strength-giving hair, preventing hair from fragmentation, preventing scalp irritation and dandruff treating.

Rosemary Oil: Fragrant Aroma and Great Benefits

Rosemary oil works to improve hair, increase its density & growth rate due to its richness in important plant materials and its anti-inflammatory and antioxidant properties. It works to prevent hair damage, get rid of dandruff, stimulate hair growth, reduce hair loss, and most importantly is reducing Gray Hair Appearance.

How To Use

- Shake the bottle well and place an appropriate amount suites hair length and density.
- Massage the scalp for few minutes, then spread the oil to the hair from roots to ends.
- Leave it on the hair for two hours before washing it well.

Precautions ⚠

- For external use, hair only.
- Avoid contact with eyes.
- Keep away from direct sunlight at room temperature out of the reach of children.
- Avoid mixing the product with any other materials or products.

Hair Mask

Lip Balm

Key Ingredients

Cocoa Butter: The Wonderful Friend to

Cocoa Butter is a unique fat type that is extracted from cocoa beans. Usually, the larger beans are taken from the cocoa plant, roasted, and expose to pressure to extract the targeted butter rich in oily compounds, which help soothe skin irritations, combat rashes/redness, and relieve skin itching.

- Scar Reduction helps reduce scars severity, by containing important substances that stimulate skin cell regeneration, such as Vitamin A & E in addition to keratin, and fatty acids that improve skin's texture by forming a protective fatty layer that helps retain its moisture and protect it from dryness exposure.
- Helps relieve dry skin, including dryness that may accompany some skin problems, such as eczema - psoriasis - dry skin - dry and cracked lips, in addition, to stimulating skin cells regeneration, which helps to reveal new and young layers of the skin, thus reducing wrinkles, making thin lines less visible, resisting skin sagging, and lightening dark spots.

Beeswax: Moisturization, Protection, and Many Advantages For Skin

- The most prominent benefits of beeswax are related to moisturizing, as it is rich in Vitamin A and has a miraculous natural ability to attract moisture from the surrounding environment to the lips, and lock it inside to avoid losing moisture, all without blocking lips pores.
- Beeswax stimulates the regeneration of lips cells, tightens its tissues, resists early aging symptoms and pimples, stimulates healing of wounds & burns, skin peeling, Acne, scars.

How To Use

- Apply an appropriate amount on the lips
- Repeat the process throughout the day until you feel the lips moisturize.
- Continuous use of the lip balm on daily bases will give the lips more size, swell and a natural pink look.

Precautions ⚠

- For external use, lips only.
- Avoid contact with eyes.
- Keep away from direct sunlight at room temperature out of the reach of children.
- Avoid mixing the product with any other materials or products.

FRANKINCENSE SOAP

Key Ingredients

Nigella Sativa: Many Treatment Benefits from Nature's Magic

It was also called the "seed of grace" because of its high content of nutrients and active chemicals that have a wide range of health benefits (fats - proteins - carbohydrates - dietary fibers).

- Contributes to resisting bacteria and prevents bacterial acne by the ability to fight bacteria, especially Gram-positive cocci.
- Has antioxidant properties by neutralizing free radicals in the body, which may improve skin/hair quality & health. It is also effective in fighting infections, making the skin look fresh, young, and healthy.
- Resisting psoriasis and increases skin thickness as it contains the ethanol compound.
- Treating skin pigmentation "vitiligo", which is defined as a disorder of hypopigmentation due to its ability to spread Melanin into the skin by increasing cholinergic receptors sensitivity.

Indian Costus: Antiseptic Properties For Skin

Indian Costus is an Indian herb belonging to the ginger family. It has a pleasant smell and gives a yellow or light brown color when soaked or added to food and beverages, has anti-inflammatory properties that enable it to effectively help in solving skin problems such as acne, helps prevention of aging signs due to antioxidants that fight free radicals, delays the wrinkles appearance, fine lines, and age spots, useful in treating some skin diseases such as eczema - psoriasis - dandruff - skin infections - prevent infection.

Frankincense: All Related Beauty Factors In One

Frankincense is a resinous substance secreted by the trunk of the Boswellia tree, collected after being hardened naturally. Among its great benefits:

- Maintaining the elasticity and suppleness of the skin - Protecting the skin from pigmentation and dark spots, especially with age -Renewing skin cells, thus maintaining its vitality and freshness, so that it looks healthy and young - Lightening of pigmentation with continuous use Treating acne as containing astringent substances that speed up the acne healing process - Assisting scars healing, minor wounds, and scratches, due to the regeneration process and rebuilding of skin cells - Contributing to preventing some types of cancers, as frankincense oil contains beta-element, and this substance has shown its ability to prevent the growth of cancer cells.

- **Weight : 90 g.**

Ingredients

Castor Oil - Coconut Oil - Olive Oil - Palm Oil - Stearic Acid - Rose Oil - Distilled Water - Soda - Perfume - Sesame Oil - Activated Charcoal - Primrose Oil

CHARCOAL SOAP

Key Ingredients

Sesame Oil: Integrated Benefits For The Skin

Sesame Seeds are an effective treatment for face inflammation & skin wounds by their wonderful properties that fight bacterial infections and many needed elements to reduce pimples and rashes.

Sesame oil is rich in essential vitamins, such as vitamin D, vitamin E, and vitamin B, in addition to minerals, such as calcium, phosphorous, and some proteins, all of which help in cleansing & moisturizing the skin.

Sesame Oil, treats cracked heels and relieves joint pain, removes toxins from the skin due to the contained antioxidants, Anti-Inflammatory, Anti-Bacterial, Anti-Fungal. Sesame Oil also treats psoriasis, Sunburn and prevents UV rays, thus, protecting skin from pigmentation and lines, also, it restores damaged skin cells and improves blood circulation due to its viscosity and high density that enables the skin to absorb it easily, so, it can be used for massage purposes.

Sesame Oil slows down face aging, wrinkles appearance, and small pores in the skin, as it contains Sesamol antioxidant, which prevents cells oxidation and helps its regeneration.

Activated Charcoal

- Activated charcoal helps in extracting bacteria and impurities from the skin to improve the complexion due to its ability to absorb bacteria and toxins from the body to obtain healthier and fresher skin.

- For its anti-bacterial properties, Activated Charcoal helps to get rid of the bacteria in the pores that cause acne and other inflammatory lesions, which occur as a result of dead skin cells, oils and bacteria accumulation, which get trapped inside skin pores. so, by applying on the skin treats irritation, redness and swelling of the skin, and thus improves the complexion.

- Treats insect bites and stings that can cause itching and swelling in the skin. The importance of using charcoal here is that it contributes to removing the sting by neutralizing the toxins in insect poison.

How To Use

- Rub the soap by hand with water to extract the appropriate amount of foam.
- Massage the face/body with soapy foam for two minutes, then wash it with cold or warm water as desired.
- Maintain using for maximum benefits.

Precautions ⚠

- For external use only.
- Avoid contact with eyes.
- If the skin is dry, daily use is not recommended.

RICE WATER SOAP

- **Weight : 90 g.**

Ingredients

Castor oil - Coconut Oil - Olive oil - Palm oil - Stearic acid - Camel Hump oil - Distilled water - Soda - Perfume - Rice water - Shea Butter - Sweet Almond oil

RICE WATER SOAP

Key Ingredients

Rice Water: Richness in Vitamin B Group

Rice water is the one in which the rice is soaked before cooking, or we cook the rice with it without covering it, then drain it and take the water from it. When cooking rice with this water, it releases some of the starch in it, and this makes it have much different beauty and health benefits.

Rice water is rich in some necessary vitamins and minerals, such as vitamin B group, which promote cell growth, regeneration of damaged cells, and slowing down the aging process to maintain healthy skin, and this means benefits in treating eczema - relieving burns - helping treat rashes.

Sweet Almond Oil: Treatment & Prevention For The Skin

Almond Oil is a pale-yellow liquid, similar in composition to olive oil, extracted by pressing the almond kernel fruits, which is one of the famous nuts that contains a distinguished source of benefits for skin health.

- ANTI Radiation protects the skin from harmful rays that lead to skin cells destruction for breast cancer women who are under radiation treatment exposure.

- Protecting skin health, for its role of protecting the body from UV damage, which causes skin aging, signs, wrinkles, and skin cancers risk.

- Promoting skin beauty, for the efficiency role in calming skin, treating wounds, treating eczema and psoriasis. It is also a natural emollient for dry skin and helps enhance skin tone and balance between moisture absorption and water loss.

- Anti-Bacterial, that may cause Acne as of its content of vitamin A, Vitamin E, and fatty acids.

Coconut Oil: Natural Medical Benefits

Coconut Oil is extracted from the coconut fruit, to become manufactured for skin-uses, or could be placed as raw on the skin. Coconut contains lauric acid and linoleic acid, which are vital for the skin. Among its benefits is moisturizing the skin & improving its appearance - reducing skin infections - helping heal wounds - treating acne.

How To Use

- Rub the soap by hand with water to extract the appropriate amount of foam.
- Massage the face/body with soapy foam for two minutes, then wash it with cold or warm water as desired.
